artevite®

NEW and natural

Artevite offers an alternative approach to managing joint stiffness in dogs. Artevite is a natural dietary supplement for dogs to maintain long-term joint health. Each pack of Artevite contains 60 tasty, beef-flavoured, chewable tablets.
The active ingredient in Artevite is a supercritical extract of the medicinal plant, Artemisia annua. The plant extract is widely used in humans as the joint health dietary supplement, Arthrem, and has undergone extensive in vitro and clinical testing in New Zealand.
If you would like more information on the science behind Artevite, or would likes samples or to hear about any promotions, please contact Brooklands at.
